Monday 20th March

Dear Parents/Carers,

First of all we would like to say thank you for your understanding regarding last week's strikes.

Medication

We are asking that all medication comes straight to the school office where it can be stored safely. In addition we are requesting that all parents/carers complete a medication form when asking the school to administer medication. The forms can be completed at the office.

Professor Bubbleworks

Thank you for your contribution towards the workshop (Year 1 – Year 6) next week on **Tuesday 28th March**. If you have not already paid you can do so on Parent Pay.

Next week the children will take part in STEM week, where they will be learning about an inspirational engineer, scientist, mathematician through this year's focus 'Connections'. We would like the children to gain an understanding of how these subjects all play an important role in our world and how they are connected. As educators our main aim is to promote a love of learning, through developing the children's curiosity and enthusiasm.

On **Friday 31st March**, we would like the children to come to school with a hat that they have created based around STEM (Science, Technology, Engineering and Maths). Last week we discussed with the children in assembly what their creation could look like and were amazed at how creative their ideas were. We cannot wait to see their hats!

Reminders

Lent Mass at 8:15am – All are welcome, it is lovely to see you there.

Yours sincerely,

Mr Smith & Mrs Atherton
